

FAIRFIELD VETERINARY HOSPITAL BOARDING RELEASE FORM

Thank you for boarding your pet with us!
Please take a moment to review our boarding policies.

All boarders must be current on immunization. Proof of immunization from a veterinary hospital is required. Vaccines are required at least three days prior to boarding. All canines must have DHPP, Bordetella (against kennel cough), and Rabies. Bordetella must be current within a six month period. All felines must have FDR, Leukemia, and Rabies.

Animals may only be released during normal office hours. Our regular office hours are 7:30 am to 6:00 pm Monday through Friday. On Saturdays, we are open from 8:00 am until 1:00 pm. We are closed on all major holidays, and are only open half-day on Christmas Eve and New Year's Eve. If you are boarding around a holiday, and are unsure of our hours, please check with the receptionist when dropping your pet off.

All dogs are walked twice daily and we will attempt to bathe them if they are here for 3+ nights.

We feed Science Diet and Iams dry food. If your pet MUST be on a special diet, you need to provide it.

For those boarding pets for long periods of time, periodic payments may be required.

I understand that pets boarding together have an increased risk of injury.

I authorize and agree to pay for medical treatment for my pet(s) boarding at Fairfield Veterinary Hospital if illness or injury develops during their stay. I also understand that animals in a boarding environment are at an increased risk of developing communicable disease, much the same as children in a day care facility. Fairfield Veterinary Hospital does not guarantee that ANY pet will not develop any disease or injury and I am financially responsible for any medical treatment.

Payment is due when services are rendered. Payment may be required prior to your pet boarding. We require a \$20.00 deposit to hold boarding reservations, which is refunded if at least 72 hours notice is given.

Prices are per night per pet as follows.
_____ \$13.00 for cats _____ \$16.00 for dogs in small kennels _____ \$19.00 for dogs in large runs
other fees: _____ \$6.00/play time _____ \$3-5/day (medicating fees) _____ \$12.00/day (diabetic treatment)
